Night Golf

will be held on

July 31<sup>st</sup>.

Demo Day

Saturday, April 24<sup>th</sup>

Time TBA

Companies: TaylorMade, rest TBD

**From the Greens**

**Charles Fierke**

I thought I would give a little update about the golf course. It has been awhile since anyone has seen it. This has been the most snow we have had in years. The snow cover does protect the turf from cold temperature damage. However, it hinders completion of projects and cleanup. We have actually worked on removing dead and damaged trees in the snow. We lost several trees in the wind storm in December. We also had a lot of damage to

pine trees during the Christmas week snow storm. We have most of the mess cleaned up. This has been a difficult winter due to the cold, wind and snow. The course will be wet when the snow melts. Carts will need to stay on the paths.

We will aerate the greens on April 12<sup>th</sup> and 13<sup>th</sup>. This is two weeks later than in the past. The greens will be growing

better by that time and should recover more quickly.
